FIELD ENGINEERING AND TECHNOLOGY

Republication of *Electrical Engineering* qualification

National Certificate in Electrical Engineering (Electrician for Registration) (Level 4) [Ref: 1195-3]

The Skills Organisation has republished the qualification listed above to extend the last date of assessment.

Date re-published **September 2021**

Rationale

There are approximately 600 candidates still completing this qualification who have been impacted by Covid-19 lockdowns. The extension will allow them to complete their qualification.

The last date for entry to this qualification has passed and no new enrolments can be made.

Main changes resulting from the republication

The last date for assessment of this qualification has been extended from 31 December 2021 to 30 June 2022.

Transition

It is not intended that anyone is disadvantaged by this change. Anyone who feels they have been disadvantaged is advised to contact the Skills Organisation at the address given below:
