## Applying for NCEA Level 2 aligned with a Vocational Pathway in a tertiary education organisation

Tertiary education organisations can develop and submit an application to offer learners National Certificate of Educational Achievement (NCEA) Level 2 aligned with a Vocational Pathway, in a particular area(s).

Vocational Pathways include assessment standards (unit and achievement standards) recognised by the relevant industry or sector as useful for employees in that industry or sector.

The Vocational Pathways sectors are:

Applications for NCEA Level 2 aligned to a Vocational Pathways must meet the [requirements for the Vocational Pathways award](#).

## Developing an application for NCEA Level 2 aligned with a Vocational Pathway

When developing a Vocational Pathway aligned application consider:

- who the pathway is targeting
- who is eligible to enrol in the Vocational Pathway aligned programme
- how the pathway will be delivered
- how learners will be assessed
- how components of the learning and assessment will be integrated
- what educational and employment pathways will be available to learners after completion.

As part of developing the application to NZQA, complete:

- NZQA's [Vocational Pathway Application form \(DOC, 184KB\)](#) ([DOC, 899KB](#)).
- a sample learner profile in the [Profile Builder](#) and
- a [programme design self-review template](#) (under the Curriculum Design, Programme Development heading on the [Vocational Pathways Resources](#) page)

NZQA needs all of these documents as part of an application to approve a NCEA Level 2 aligned with a Vocational Pathway.
