

The Education (Pastoral Care of International Students) Code of Practice 2016

When students come to study in New Zealand, education providers have an important responsibility to ensure that those students are well informed, safe and properly cared for.

To support this, the New Zealand government has developed the Education (Pastoral Care of International Students) Code of Practice 2016, which replaced the 2010 Code of Practice.

The new Code of Practice was released in March 2016, and applied from 1 July 2016.
