Guest Speaker

[Assessor Support homepage](#)

[Best Practice Workshops](#)

A request may be made for a speaker to attend a regional or national meeting as an invited guest to speak on a topic associated with internal assessment. This could include such topics as particular strands within standards, levels (e.g. 1, 2 or 3), or methods of collecting evidence for assessment purposes. This option allows you to select a topic associated with the assessment of internally-assessed standards relevant to the audience.

Booking a guest speaker requires the travel and accommodation expenses of the presenter to be met, as well as fees for the presenter's time.

Aims of having an NZQA guest speaker

- To offer support around the assessment of internally-assessed standards and moderation requirements.
- To offer speakers for regional or national meetings.
