

NCEA students: log in before Friday 13 January

20 Dec 2016

Exams for 2016 have finished and NZQA reminds students to practice accessing the [Learner Login](#) so results can be viewed when they are released in January.

From Friday 13 January 2017, students will not be able to use their [Learner Login](#) to view past results or update their passwords, as the page will be closed to prepare for the NCEA results release on Tuesday 17 January 2017.

Any students who have problems logging in can contact the [NZQA Call Centre](#) between 8am-5pm, Monday to Friday, on 0800 697 296.

What students should do:

- Go to the [Learner Login](#) section of the NZQA website
- Enter your username or NSN, and password
- Login successfully
- Forgotten your password? You can follow the direction on the screen to have a [new password](#) immediately emailed to you
- If you need any help at all you can phone the [NZQA Call Centre](#) between 8am-5pm, Monday to Friday, on 0800 697 296 or 04 463 3000.

Remember that login details are private and should be kept secure.
