

Planning and tracking NCEA pro NCEA Student App

The key purpose of the App?

NCEA Student will help you plan your NCEA study programme, so
complements the [NCEA Guide](#) App for parents and employers launch

The App is available from both the [iTunes](#) and [Google Play stores](#).

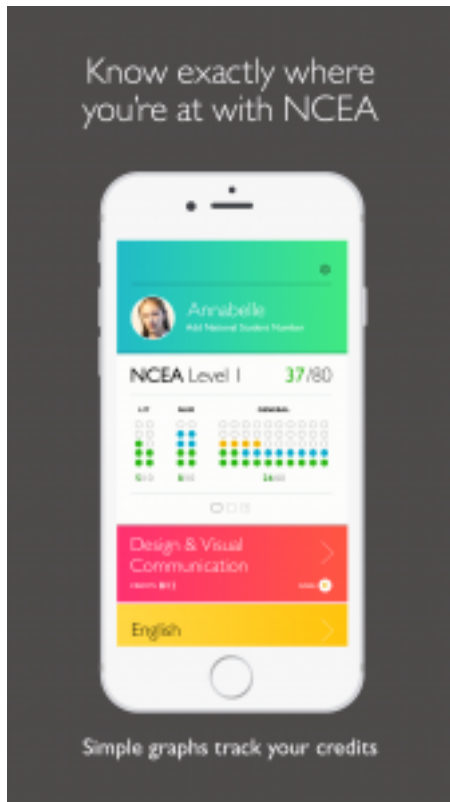

What's new in the latest version

We have improved and enhanced the tools for adding 'Due dates' for assignments. You can now specify the Due date and the type of assessment (test, practice exam, essay, etc.)

You can also include the date for each of your external exams and get reminders. You can also set the 'Reminder' function for an assessment's Due date to a period of time that suits your own needs. Or, if you don't want to be reminded, turn off the Due Date Reminders.

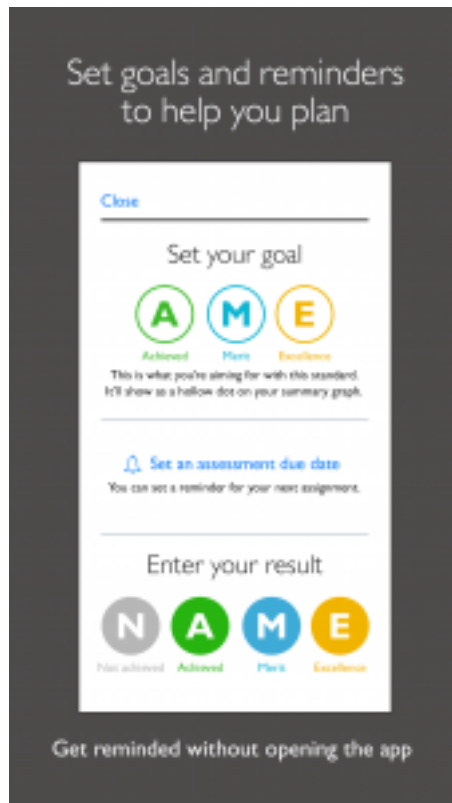

Finally, the list of Standards available has been updated.

What does the App do?

The App gives you the ability to:

- Select and set your NCEA credit goals and targets
- See how you are tracking towards NCEA Levels one, two and University Entrance (UE)
- Set Due Date reminders for when assignments are due
- Capture results as your teacher hands back work and cross check
- Personalise with information such as your NSN number or details (teacher's name or timetabled classroom)
- Multiple levels of NCEA study are now supported, meaning you can track progress over multiple calendar years. Behind the scenes, NCEA Study allows you to track your progress over multiple years.
- New users of the App can simply add credits for previous year standards information first.
- Customise with different colour coding options and the ability to
- Use in English and Te Reo Māori.

Other features

- It is simple, clear, easy to use and responsive
- It provides a high level description of each standard
- It has its own database, which includes an up-to-date list of all standards
- It has a powerful search engine that makes it easy for you to search by 'number'
- It is an NZQA quality assured product
- It makes NCEA easier to understand.

Anything else you need to know?

You are responsible for the security of your own data – NZQA recommends a minimum, and a password (a “settings” option) on the App. Responsibility for the App rests with the you and NZQA recommends backing up your data entered by you.

Minimum specifications?

- iOS: 7.1 and later and Android: 4.0 and later.

- The App is optimised for use on iPhone 5 and greater, and Android
- The App will run on tablets as well.

The NCEA Guide App is free to download - get it now from:
