New Zealand Scholarship

New Zealand Scholarship provides recognition and monetary reward to top students in their last year of schooling. New Zealand Scholarship assessments enable candidates to be assessed against challenging standards, and are demanding for the most able candidates in each subject. Assessment is by either a written/spoken examination or by the submission of a portfolio or report of work produced throughout the year.

Scholarship candidates are expected to demonstrate high-level critical thinking, abstraction and generalisation, and to integrate, synthesise and apply knowledge, skills, understanding and ideas to complex situations.

Entry to New Zealand Scholarship

Students can enter for New Zealand Scholarship if they:

- are enrolled in an accredited New Zealand secondary school
- pay the necessary fee (as set out in the [Fee Schedule](#)) for the subject.

This means entry is open to

- 1 international fee-paying students enrolled with an accredited New Zealand secondary school; or
- 2 students enrolled in a non-accredited school which has a Memorandum of Understanding with one which is accredited; or
- 3 home-schooled, secondary school equivalent students, who make an entry as a link student with an accredited school and attest to their eligibility through a Justice of the Peace.

For full details of the entry requirements, see [Assessment \(including examination\) Rules for Schools](#).

There are separate fee structures for domestic students and international students, see [fees for NCEA](#).

Eligibility to receive a monetary award

To be eligible to receive a scholarship award, the student must be enrolled in tertiary study in New Zealand for the years in which they receive monetary awards. For awards with second or subsequent year payments recipients must maintain a 'B' grade average each year of their tertiary study in New Zealand. For further information see [Monetary Awards](#).

For full details of the eligibility requirements, see [Assessment \(including Examination\) Rules for Schools](#).

The New Zealand Scholarship Monetary Awards are available to candidates who meet the eligibility and entry requirements under Rules 5.2 and 5.3 and Rule 7.3.2.

How many candidates are awarded New Zealand Scholarship?

Approximately 3 per cent of Year 13 students studying each subject at Level 3 are awarded Scholarship, if they reach the standard that has been set. There is some tolerance around the 3 per cent, mainly for those subjects with few candidates. See [Scholarship subjects](#) for a list of this year's scholarship subjects.

How is New Zealand Scholarship marked?

Markers allocate a score of 0-8 for each component in the New Zealand Scholarship assessment using subject specific schedules. These are based on a Generic Marking Guide, as follows:

- An answer given a score of 8 is an *Outstanding answer in all respects. Strong evidence of integration and synthesis. As good as could be expected under examination conditions. Accurate, comprehensive, coherent, lucid, perceptive.*
- A score of 1 shows *Meagre understanding relevant to the question.*
- A score of 0 is awarded for answers that are blank or irrelevant.

The work of the highest scoring candidates is reviewed by marking panels, to identify the top candidates in each subject. Exam booklets for candidates whose scores are close to either the Scholarship or Outstanding cut-offs are also re-marked, to ensure their results are correct.

New Zealand Scholarship assessments have between 3 and 5 components, and the scores for each component are totaled to give the final result. For further information see [Scholarship Mark Ranges](#).

Student exemplars

A selection of examination papers have been reproduced with permission from previous Top Scholars. To view these examination papers, go to the [New Zealand Scholarship subjects](#) page and click on the '**assessment specification and resources**' link for each subject.
