

Changes to private training establishments

NZQA expects private training establishments (PTEs) to notify NZQA of any of the following changes within the PTE:

- [Change of delivery site](#) (permanent and temporary)
- [New delivery site](#) (permanent and temporary)
- [Change of governing members](#)
- [Change of ownership](#)

Notifications and approval applications must be made using the [TEO Online Services](#).

NZQA will then assess the appropriateness of the change and how it affects the PTE's ongoing registration.

A PTE must demonstrate that it will continue to meet the requirements for registration with NZQA after the change.
