

**Assessment Schedule – 2019****Digital Technologies and Hangarau Matihiko: Present a reflective analysis of developing a digital outcome (91909)****Assessment Criteria**

<b>Achievement</b>	<b>Achievement with Merit</b>	<b>Achievement with Excellence</b>
Presenting a <b>reflective analysis</b> of developing a digital outcome involves: <ul style="list-style-type: none"> <li>explaining the digital outcome that was created</li> <li>linking the outcome's characteristics to decisions that were made in the development process.</li> </ul>	Presenting an <b>in-depth reflective analysis</b> of developing a digital outcome involves: <ul style="list-style-type: none"> <li>analysing how decisions made affected the development process</li> <li>explaining how new knowledge and skills guided the development process.</li> </ul>	Presenting an <b>insightful reflective analysis</b> of developing a digital outcome involves: <ul style="list-style-type: none"> <li>critiquing what could be done differently to improve both the outcome and the development process</li> <li>drawing conclusions about the outcome and / or development process.</li> </ul>

**Evidence**

The suggested length is 800–1500 words.

Demonstrates very little or no reflective analysis.	Report is produced by the candidate, but demonstrates little reflective analysis and part of the response may be missing.	Response partially analyses how the outcome was developed, and links the outcome to some of the decisions made.  The analysis may be weak or partial.	Response demonstrates some reflective analysis on how the outcome was developed.  It links the characteristics of the outcomes to some of the decisions made in the development process.	Presents a partially in-depth reflective analysis on developing a digital outcome.  Discusses how some decisions made affected the development process, including the use of new knowledge and skills.	Presents an in-depth reflective analysis on developing a digital outcome.  Discusses how decisions made affected the development process, and explains how new knowledge and skills guided the development process.	A partially insightful reflective analysis given.  Some critique given on what could have been done differently to improve the outcome and the development process.  Draws some conclusions about the outcome and / or development process.	An insightful reflective analysis given on the digital outcome presented.  Critiques what could have been done differently to improve the outcome and the development process.  Draws conclusions about the outcome and / or development process.

**N0** = No response; no relevant evidence.
