Exemplar C - Merit

AS91339: Produce instrumental perspective projection drawings to communicate design ideas (3 credits)

Achievement	Achievement with Merit	Achievement with Excellence
Produce instrumental perspective	Produce instrumental perspective	Produce instrumental perspective
projection drawings to communicate design ideas.	projection drawings to clearly communicate design ideas	projection drawings to effectively communicate design ideas.

Uses perspective projection drawing techniques to communicate complex visual information.	Uses perspective projection drawing techniques to skilfully communicate complex visual information.	Demonstrate an ability to select a viewpoint that enables complex visual information of the design to be effectively communicated.
The instrumental perspective drawing shows design features .	The instrumental perspective drawing clearly shows detail of the design features	The instrumental perspective drawing accurately shows detail of the design features

COMMENTS:

The perspective principles have been applied correctly and the direction and height of the view point have been chosen to achieve a larger drawing that enables the communication of the design. However, not all of the features are shown accurately or in detail. For this size of drawing greater detail of the features needs to be drawn so as to enhance the view of the building. This submission has achieved at the lower end of the merits.
