1 purpose

The National Certificate in Sport (Coaching) (Level 4) [Ref: 0444] recognises the skills required to work with club, school or age-group teams to top levels of local competition with little or no direct supervision, and with responsibility for individual quality standards. Certificate holders are able to apply their knowledge and skills to familiar and new situations in the delivery of sport, involving complex, non-routine tasks of a broad range of variety.

This qualification recognises the specific skills of the sports coach, and is therefore distinct from the National Certificate in Sport (Level 3) with strands in Event Management, Sport Administration, and Team Management [Ref: 0446], and the National Certificate in Sport (Umpiring - Officiating) (Level 3) [Ref: 0445]. Each holder of this certificate will apply the specific skills of coaching to their chosen sport code. The National Certificate in Sport (Level 2) [Ref: 0493] provides a generic introductory level sport qualification.

This qualification contains the Sport, Fitness and Recreation Industry Training Organisation Customer Service Award.
