National Certificate in Printing (Dry Offset) (Level 4)

Level 4

Credits 57

Purpose

This national certificate is designed for trainees who are employed in the dry offset sector of the printing industry, and who have already completed the National Certificate in Printing (Dry Offset) (Level 3) [Ref: 0498]. All unit standards in this qualification are compulsory.

Trainees may also have completed the National Certificate in Printing (Production Support) (Level 2) [Ref: 0593] with the Dry Offset strand.

Holders of the certificate are able to print multicolour close register work on a dry offset press, and solve problems encountered during the print run.

Replacement Information

This qualification has been reviewed and replaced by the New Zealand Certificate in Print (Level 4) [Ref: 1823].

Special Notes

Prerequisite: National Certificate in Printing (Dry Offset) (Level 3) [Ref: 0498], or demonstrate equivalent knowledge and skills.

Credit Range

Level 3 credits	10
Level 4 credits	47
Total	57

Requirements for Award of Qualification

This qualification will be awarded to people who are credited with all of the compulsory unit standards.

Award of NZQF National Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided on the New Zealand Qualifications Authority (NZQA) website: <http://www.nzqa.govt.nz/qualifications-standards/standards/standards-exclusion-list/>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.

Transition Arrangements

Version 3

Version 3 was republished in April 2013 to indicate that this qualification has been reviewed and replaced.

Version 3 was reviewed and issued to take account of changes resulting from the review of unit standards in the Formed Shapes (Letterpress/Dry Offset) domain, and their reclassification in Dry Offset domain.

Changes to structure and content

- Title has changed from National Certificate in Printing Formed Shapes (Letterpress/Dry Offset) (Level 4) to National Certificate in Printing (Dry Offset) (Level 4).
- Purpose statement has been updated.
- Titles of unit standards have been updated to reflect the outcome of their review.
- Unit standard 12380 has been removed.
- Credit total has decreased from 82 to 57.

This qualification contains a standard that replaced an earlier standard. For the purposes of this qualification people who have gained credit for the expiring standard are exempt from the requirement to gain credit for the replacement standard – see table below.

Credit for	Exempt from
339	20057

All trainees enrolled in programmes leading to this National qualification will be supported to complete it.

Competenz will advise all employers currently involved in training programmes of the changes.

Previous versions of the qualification

Version 2 of this qualification was issued following a review of the Printing Production unit standards. Unit standard 20057 replaced unit standard 339, and the credit total was adjusted accordingly.

Certification

This certificate will display the logos of NZQA, Competenz and the organisation that has been granted consent to assess against standards that meet the requirements of the qualification (accredited).

Classification

This qualification is classified according to the classification system listed on the Directory of Assessment Standards (DAS) and the New Zealand Standard Classification of Education (NZSCED) system as specified below.

DAS Classification		NZSCED	
Code	Description	Code	Description
191	Manufacturing > Printing	030103	Engineering and Related Technologies > Manufacturing, Engineering and Technology > Printing

Quality Management Systems

Providers and Industry Training Organisations must be granted consent to assess by a recognised Quality Assurance Body before they can register credits from assessment against standards. Organisation with consent to assess and Industry Training Organisations assessing against standards must engage with the moderation system that applies to those standards. Consent to assess requirements and the moderation system are outlined in the associated Consent and Moderation Requirements (CMR) for each standard.
