## National Certificate in Hauora (Māori Health) (Level 4)

**Level** 4

**Credits** 62

### Purpose

The National Certificate in Hauora (Māori Health) (Level 4) [Ref: 0710] is an introductory certificate awarded to candidates who have demonstrated capability in the knowledge and skills required for achievement in Hauora. It is designed for candidates who have an interest in Hauora, for those who are seeking gainful employment in Hauora or for those who are currently employed in Hauora.

Holders of this qualification are able to apply skills and knowledge as required by health providers, Māori health providers, Primary and Secondary Health Organisations, hospitals, institutions, marae, community centres and local clinics.

The compulsory section recognises knowledge and skills related to Māori health initiatives such as auahi kore, korikori tinana, tamariki ora, whānau ora and have an understanding of the Treaty of Waitangi and historical factors that impact on Hauora.

The elective section allows candidates to select from a diverse range of unit standards from various areas including Communication and Social Services, Health, Humanities and within Field Māori.

Tikanga pertinent to local rohe is interwoven through all practices of Hauora, including any interactions with whānau, hapū and iwi within a Hauora context. It also permeates any study of Māori models of health, or Māori history and best practice models within a Hauora context.

This qualification can build on the National Certificate in Health, Disability, and Aged Support (Core Competencies) (Level 3) [Ref: 1327]. Candidates completing this qualification would be able to pathway in to the National Diploma in Hauora (Māori Health) (Level 6) [Ref: 1657], the National Diploma in Social Work (Level 6) [Ref: 0989], or the National Diploma in Community Work (Level 6) [Ref: 0987]. This in turn could lead to further qualifications in Hauora or Social Services at a diploma or degree level.

## Requirements for Award of Qualification

### Award of NZQF National Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided on the New Zealand Qualifications Authority (NZQA) website: <http://www.nzqa.govt.nz/qualifications-standards/standards/standards-exclusion-list/>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.
