<b>Level</b>	<b>5</b>
<b>Credits</b>	<b>172</b>

### Purpose

This qualification builds on the skills and knowledge recognised by the National Certificate in Hauora (Māori Health) (Level 4) [Ref: 0710] and is intended for people who choose to enhance their knowledge and skills in Hauora. It recognises advanced knowledge and skills related to Maori health initiatives such as manaakitanga, auahi kore, korikori tinana, tamariki ora, counselling, youth work, whānau work, drug and alcohol work, primary and secondary health services, social services and other community support services. People awarded with this diploma will have gained knowledge in te reo Māori, Hauora, tikanga and research.

Tikanga is interwoven through all practices of Hauora pertinent to the rohe and includes interaction with whānau, hapū, iwi and study of Māori models of health, Māori history and Māori best practice models. Holders of this qualification will have the skills and knowledge required to assist people by providing them with Hauora services delivered by health providers, Māori health providers, mainstream health services, institutions, marae, community centres and local clinics. The core compulsory unit standards extend the candidate's competency in te reo Māori and can assist the candidate with te reo Māori when interacting with specific client groups.
