National Certificate in Floristry (Level 2)

Level 2

Credits 70

Purpose

This is an introductory qualification for people entering a career in the floristry industry, and recognises the skills of a junior florist. People credited with the qualification are able to demonstrate fundamental floristry knowledge and skills, under the supervision of a senior florist.

Holders of the qualification are able to demonstrate knowledge of flowering plants and foliage, and the principles and elements of floristry design. They are able to determine customer requirements, deal with complaints and ensure customers receive quality service, and promote the benefits of a range of services to meet the individual requirements of customers; maintain and care for fresh flowers and plants, including sundries and ancillary items; prepare, arrange, and present floristry stock and merchandise; and prepare, wire, assemble, wrap, and package floristry products to a specific design.

The compulsory section of this qualification can contribute to the National Certificate in Floristry (Level 4) with an optional strand in Advanced [Ref: 1151].

Requirements for Award of Qualification

Award of NQF Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided in section 7 of the New Zealand Qualifications Authority (NZQA) Rules and Procedures publications available at <http://www.nzqa.govt.nz/ncea/acrp/index.html>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.
