

National Certificate in Seafood Māori (Iwi Asset Management) (Level 4)

Level 4

Credits 50

Purpose

This qualification is designed to recognise knowledge and skills required by representatives/trustees of Mandated Iwi Organisations and Directors and staff of Asset Holding Companies who are responsible for the management of their fisheries assets. This qualification is intended for people who are already in positions of responsibility within the industry.

The qualification consists of a compulsory section and two elective sections. The compulsory section relates to the specific knowledge on the Quota Management System, generic skills and knowledge on the overview of the Seafood Industry and the process of allocating and transferring Annual Catch Entitlement. Elective one allows the candidates the flexibility to choose standards from within the Seafood Māori domain that complement their role. Elective two provides candidates the flexibility to choose standards from anywhere on the NQF to complement their skills and knowledge.

Special Notes

Iwi Asset Management refers to management of iwi managing fisheries assets which comprises of quota, cash and shares in Aotearoa Fisheries Limited. This qualification will enable those members to acquire necessary knowledge and skills to manage these assets on behalf of iwi.

Credit Range

	Compulsory	Elective 1	Elective 2
Level 2 credits	5	-	-
Level 3 credits	5	-	-
Level 4 credits	5	20	15
Minimum totals	15	20	15
Minimum qualification total	50		

Requirements for Award of Qualification

Award of NQF Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided in section 7 of the New Zealand Qualifications Authority (NZQA) *Rules and Procedures* publications available at <http://www.nzqa.govt.nz/ncea/acrp/index.html>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.

Code	Description	Code	Description
394	Māori > Seafood Māori	050702	Agriculture, Environmental and Related Studies > Fisheries Studies > Seafood Harvesting (Fishing)

Quality Management Systems

Providers and Industry Training Organisations must be accredited by a recognised Quality Assurance Body before they can register credits from assessment against standards. Accredited providers and Industry Training Organisations assessing against standards must engage with the moderation system that applies to those standards. Accreditation requirements and the moderation system are outlined in the associated Accreditation and Moderation Action Plan (AMAP) for each standard.
