## National Certificate in Masonry with strands in Monumental Masonry, Natural Stone Fixtures and Fittings, and Banker Masonry

**Level** 4 or 5

**Credits** 141-183

### Purpose

This qualification is intended for people working in the masonry industry who are engaged in one or more of the industry sectors of Monumental Masonry, Natural Stone Fixtures and Fittings, and Banker Masonry.

Holders of this qualification will be able to demonstrate knowledge and practical skills used in masonry and stonework industry, including polishing, packing, loading, and dispatching natural stone products.

Skills for the industry sectors are represented in the strands. These skill areas will relate to the activities below and be specific to the selected industry sector:

- Working with monuments involving designing, inscribing, installing, restoring and selling memorials, and demonstrating knowledge of cemetery planning, layout and bylaws.
- Working with natural stone materials involving specifying materials and methods for construction, selecting and procuring stone, cutting and shaping, fabricating, fitting, laying, and fixing natural stone.
- Working with banker masonry processes involving appraising and selecting stone blocks, primary and secondary preparation of raw materials, shaping, deep carving, fixing and laying stone slabs, and restoring, preserving and maintaining stone features, monuments and buildings.
- The masonry industry places importance in demonstrating safety in their work environment.

The qualification is a career pathway for people working or intending to work in the masonry trade and has standards in common with the National Certificate in Stonemasonry [Ref: 0336].

### Replacement Information

This qualification replaced the National Certificate in Monumental Masonry [Ref: 0337].

### Special Notes

The 'Recognition of current competence' assessment process acknowledges the skills and knowledge gained from work and experience, or from courses of study undertaken. Assessment of recognition of current competence may be conducted by an assessor appointed by the Building and Construction Industry Training Organisation, or an accredited provider.

Application for recognition of current competence may be initiated by contacting the Building and Construction Industry Training Organisation.

## Requirements for Award of Qualification

### Award of NZQF National Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided on the New Zealand Qualifications Authority (NZQA) website: <http://www.nzqa.govt.nz/qualifications-standards/standards/standards-exclusion-list/>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.
