Te Tauāki ā-hua / Outcome statement

Te Rautaki o te tohu / Strategic Purpose statement

This qualification is for whānau, hapū, iwi and others with knowledge and experience in mātauranga Taiao, and/or working experience in environmental resource management.

The purpose of this qualification is to provide whānau, hapū, iwi, hapori and other entities with graduates who are able to fulfil kaupapa Māori based environmental, government, ministerial or civil roles at an advanced level. Te iwi Māori and Aotearoa will benefit from having graduates who are able to provide, from a te Ao Māori perspective, the skills and knowledge to understand the inter-relationships between:

- whānau, hapū iwi and hapori roles, responsibilities and practices based on their interests in natural, physical and cultural taonga and resources
- the complex statutory and legislative framework surrounding environmental resource management in Aotearoa.

As managerial kaitiaki, graduates of this qualification will be able to lead and facilitate the design, development, implementation, assessment and review of specialised and theoretical taiao projects to restore, maintain and enhance the healthy sustainability of te taiao for current and future generations.

Ngā hua o te tohu / Graduate Profile

Graduates of this qualification will be able to:

- Communicate effectively and implement a range of relationship management strategies to foster whanaungatanga in a taiao context with whānau, hapū, iwi and other key stakeholders.
- Apply key kaupapa Māori principles to specialised and theoretical resource management contexts to ensure whānau, hapū and iwi participation on their tūrangawaewae.
- Exercise kaitiakitanga to analyse and report to key decision makers on the impacts of proposed or current resource management statutes and legislation on whānau, hapū, iwi and hapori.

- Apply pūkengatanga to analyse and evaluate the impacts of contemporary technologies and management practices on local traditional Māori technologies, mātauranga and associated practices in a taiao context.
- Facilitate and implement pono me te tika to work towards equitable outcomes for whānau, hapū, iwi and hapori.
- Exercise rangatiratanga to ensure whānau, hapū, iwi and hapori needs, interests and aspirations are taken into account in resource management contexts.

Ngā kaupapa o te tohu / Guiding Principles

Whanaungatanga

Whanaungatanga is chosen to embrace those skills and strategies that relate to communications and relationships, such as being able to understand different types of relationships and stakeholders, and knowing how to establish, maintain and enhance relationships.

Te Pono me te Tika

Te pono me te Tika encompasses important aspects of the protection and management of te taiao that relate to kawa and tikanga; legal obligations and compliance issues, systems and procedures and ethics and acting in a way that is socially and culturally responsible. It also investigates how these tools can be utilised to achieve the best outcomes for whānau, hapū, iwi and hapori.

Kaitiakitanga

Kaitiakitanga refers to the skills and knowledge needed to protect, retain and manage whānau, hapū and iwi interests in local, natural, physical and cultural taonga and resources. Graduates will be expected to understand how taonga and resources can be protected, managed and sustained in a way that aligns with legislation and the aspirations of whānau, hapū, iwi and hapori.

Tūrangawaewae

Tūrangawaewae affirms the mātauranga held amongst whānau, hapū and iwi about the environment and its cultural and spiritual and physical significance: the location, whakapapa, stories, and the kawa and tikanga practices associated with the local, natural and physical taiao.

Rangatiratanga

Rangatiratanga describes skills, processes, kawa and tikanga that are utilised for protection and management of a healthy taiao. Including knowledge about unique taiao mātauranga and the roles and responsibilities of the whānau, hapū, iwi, and hapori.

Pūkengatanga

Pūkengatanga incorporates the new knowledge and skills required to effectively utilise modern technology and tools to restore, maintain and enhance the mātauranga Māori systems of our tūpuna.

Ngā huarahi mātauranga / Education Pathways

This qualification may lead to further study at a higher level in Conservation, Environmental Management, Resource Management, and Iwi Environmental Management.

Ko ngā huarahi ā-mahi, ā-ahurea, ā-whānau, ā-hapū, ā-iwi, ā-hapori anō hoki / Employment, Cultural, Community Pathway

Graduates of this certificate will have the transferable skills and knowledge to undertake a range of Māori and general environmental/resource management roles including the following:

- Hapū and iwi environmental/conservation supervisor roles
- Department of Conservation Parks/Reserves Senior Rangers
- Ngā Whenua Rāhui Fund supervisory roles
- Conservation/Environmental educational roles
- Other Conservation/Environmental contractor, or consultancy management roles.
