# Field Agriculture, Forestry and Fisheries

## Revision of Agricultural Contracting unit standard 23637

Subfield	Domain	ID
Rural Contracting	Agricultural Contracting	23637

InfraTrain New Zealand (InfraTrain) has completed the revision of the unit standard above.

Date new version published

March 2011

Planned review date

December 2012

#### Summary

Industry Advisory Groups met throughout 2010. In the course of these meetings changes were determined for the unit standard above. The revision was required to make the unit standard generic and address the needs of the industry. Through peer review, feedback, and discussion the unit standard was further refined and its final content agreed.

## Main changes

- The existing classification was found to be no longer fit for purpose. The standard was reclassified as Engineering and Technology > Infrastructure Works > Civil Plant Operation.
- The agricultural contracting context was removed from the title and outcome statements.
- Changes were made to: entry information, explanatory notes and ranges as required, reflecting current good practice.

#### Impact on existing qualifications

Qualifications that contain the revised standard are tabled below.

Affected	The qualification lists a reviewed classification (domain or subfield) in an elective set The qualification lists a standard that has changes to level or credits The qualification lists a C or D category standard	
Not materially affected	The qualification lists a standard that has a new title
