# Field Engineering and Technology

## Republication of *Electrical and Electronic Engineering* qualifications

National Certificate in Electrical Engineering (Electrical Appliance and Electronic Servicing (Level 3) [Ref: 1265];

National Certificate in Electrical Engineering (Electrical Appliance and Electronic Servicing) (Level 4) with strands in Commercial Electrical Appliances, Domestic Electrical Appliances, Electronic Consumer Goods, Office Equipment, and Portable Electrical Appliances and Power Tools [Ref: 1266];

National Certificate in Electronic Engineering (Level 3) [Ref: 1093]; and National Certificate in Electronic Engineering (Level 4) [Ref: 1123].

The Skills Organisation has completed a republication of expiring qualifications to extend the last dates of entry for qualifications associated with the electronic engineering suite of qualifications to 31 December 2018 because of programme development delays. The extension is to ensure learners are not disadvantaged.

### Replacement qualifications

New Zealand Certificate in Electrotechnology (Level 3) with strands in Installation and Service [Ref: 2767];

New Zealand Certificate in Electrical Engineering (Electrical and Electronic Installation and Service) (Level 4) with strands in Domestic Systems and Products, Commercial Equipment, and Consumer Electronics [Ref: 2768]; and

New Zealand Certificate in Electronic Engineering (Level 4) [Ref: 2981].

### **Date of republication**

December 2017

### Main changes resulting from the republication

• The last date for entry into programmes leading to the National qualifications has been extended from 31 December 2017 to 31 December 2018.

## **NZQF National Qualification Registration Information**

The last date for entry into the National Certificate in Electrical Engineering (Electrical Appliance and Electronic Servicing (Level 3) [Ref: 1265]; National Certificate in Electrical Engineering (Electrical Appliance and Electronic Servicing) (Level 4) with strands in Commercial Electrical Appliances, Domestic Electrical Appliances, Electronic Consumer Goods, Office Equipment, and Portable Electrical Appliances and Power Tools [Ref: 1266]; and National Certificate in Electronic Engineering (Level 3) [Ref: 1093], is 31 December 2018 and the last date for assessment remains at 31 December 2022.

The last date for entry into the National Certificate in Electronic Engineering (Level 4) [Ref: 1123] is 31 December 2018 and the last date for assessment remains at December 2020.

#### **Transition**

Existing trainees enrolled in the National qualifications can either complete the qualifications or transfer their results to the New Zealand qualifications.

It is anticipated that no existing candidates will be disadvantaged by these transition arrangements. However, anyone who feels that they have been disadvantaged may appeal to The Skills Organisation at the address below. Appeals will be considered on a case by case basis.
