Standard setting body (SSB) Joinery Industry Training Organisation

Accreditation and Moderation Action Plan (AMAP) reference 0073

This AMAP can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Special notes

- 1 All workplace practices must comply with current legislation, codes of practice, and documented site safety procedures for personal, product, and worksite safety.
- 2 Legislation and regulations relevant to this unit standard include but are not limited to – Health and Safety in Employment Act 1992; Health and Safety in Employment Regulations 1995.

Elements and performance criteria

Element 1

Manufacture cupboard doors.

Performance criteria

- 1.1 The type of door is identified from the working drawings.
- 1.2 Material quantities are determined and an order placed in accordance with workplace practice.
- 1.3 The doors are set out to conform to the carcass dimensions.
- 1.4 The material for the doors is machined to comply with the requirements of the working drawings and specifications.
- 1.5 The doors are assembled to conform to the set-out in accordance with workplace practice.
- 1.6 The doors are fitted to the carcasses in accordance with the specifications.

Element 2

Manufacture drawers.

Performance criteria

- 2.1 The type of drawer is identified from the working drawings and specifications.
- 2.2 Material quantities are determined and an order placed in accordance with workplace practice.
- 2.3 The drawers are set out to conform to the carcass dimensions.
- 2.4 The materials for the drawers are machined in accordance with workplace practice.
- 2.5 The drawers are assembled to conform to the set-out in accordance with workplace practice.
- 2.6 Drawer guides are fitted in accordance with the manufacturer's specifications.
- 2.7 The drawers are fitted to the carcasses in accordance with workplace practice.

Element 3

Install proprietary attachments.

Performance criteria

- 3.1 The attachments are identified from the working drawings.
- 3.2 Attachments are installed according to the manufacturer's specifications.

Please note

Providers must be accredited by NZQA, or an inter-institutional body with delegated authority for quality assurance, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be accredited by NZQA before they can register credits from assessment against unit standards.

Accredited providers and Industry Training Organisations assessing against unit standards must engage with the moderation system that applies to those standards.

Accreditation requirements and an outline of the moderation system that applies to this standard are outlined in the Accreditation and Moderation Action Plan (AMAP). The AMAP also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

Comments on this unit standard
