Accreditation Evaluation of documentation and visit by NZQA and industry.

Standard setting body (SSB) Joinery Industry Training Organisation

Accreditation and Moderation Action Plan (AMAP) reference 0073

This AMAP can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Special notes

- 1 All workplace practices must comply with current legislation, codes of practice, and documented site safety procedures for personal, product, and worksite safety.
- 2 Legislation and regulations relevant to this unit standard include but are not limited to – Health and Safety in Employment Act 1992; Health and Safety in Employment Regulations 1995.

Elements and performance criteria

Element 1

Manufacture flat pressings.

Performance criteria

- 1.1 The flat pressing is identified from the working drawings.
- 1.2 The quantity of material needed (including adhesives) is calculated and an order is placed in accordance with workplace practice.
- 1.3 The substrate is machined and prepared in accordance with the specifications.
- 1.4 Adhesive is applied and the laminate is pressed or rolled to the substrate in accordance with the adhesive manufacturer's specifications.
- 1.5 Trimming, finishing, edging, and protection of the top are completed to the requirements of the specifications or in accordance with workplace practice.

Element 2

Fix flat pressings.

Performance criteria

- 2.1 Fixing methods are identified from the working drawings and the fixings are ordered in accordance with workplace practice.
- 2.2 The flat pressings are attached to the carcass or frame in accordance with the working drawings and specifications.
- 2.3 Protective measures to ensure workplace safety are employed in accordance with workplace practice.

Please note

Providers must be accredited by NZQA, or an inter-institutional body with delegated authority for quality assurance, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be accredited by NZQA before they can register credits from assessment against unit standards.

Accredited providers and Industry Training Organisations assessing against unit standards must engage with the moderation system that applies to those standards.

Accreditation requirements and an outline of the moderation system that applies to this standard are outlined in the Accreditation and Moderation Action Plan (AMAP). The AMAP also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

Comments on this unit standard
