Guidance Information

Definition

Education and training contexts may include workplace, online, educational provider, informal and non-formal learning environments, assessment centres, environments where there are literacy and numeracy challenges or members of vulnerable populations.

Outcomes and performance criteria

Outcome 1

Critically evaluate current and emerging assessment practices and frameworks for application in education or training.

Performance criteria

1.1 Current and emerging practices of assessment and assessment design are compared and contrasted.

Range practices may include but are not limited to – integrated assessment, online and/or virtual assessment, skills recognition, micro-credentialing, embedded assessment, single standard/outcome assessment.

1.2 Suitability of assessment practices for various education and training contexts is analysed.

Range a minimum of three practices across four contexts is required.

- 1.3 Suitability of assessment frameworks for various education and training contexts is analysed.

Range frameworks may include but are not limited to – qualification frameworks, competency frameworks, cultural learning frameworks (e.g. Māori, Pasifika, youth), national frameworks, international frameworks, compliance frameworks, standard operating procedures (SOPs), workplace key performance indicators (KPIs), health and safety frameworks, employability skills frameworks, learning progression frameworks; evidence of analysis of a minimum of three frameworks across four contexts is required.

This unit standard is expiring. Assessment against the standard must take place by the last date for assessment set out below.
