Updated Media Studies Assessment Specifications 2009

This circular provides notice of updated Media Studies Level 2 Assessment Specifications as of May 2009.

The examination team has made some minor changes to the 90279 paper for 2009 to ensure clearer alignment with the standard. The updated Assessment Specifications indicate requirements for candidates to make comparisons between texts and to use supporting textual evidence to show significant development in the genre.

Assessment Specifications are available on the Media Studies Subject-specific resource page at: <http://www.nzqa.govt.nz/ncea/resources/mediastudies/index.html>
