NZQA Strategic
Leadership Team

NZQA is led by its Strategic Leadership Team, which comprises the Chief Executive and five Deputy Chief Executives.

NZQA is organised into three divisions:

- Assessment
- Quality Assurance
- Strategic and Corporate Services

and the offices of the:

- Chief Executive
- Deputy Chief Executive Māori
- Deputy Chief Executive Digital Assessment Transformation.

The Strategic Leadership Team values its relationships with clients and we look forward to working with you, as we seek to ensure that all New Zealanders can “qualify for the future world: kia noho takatū ki tō āmua ao”.

Our role

The New Zealand Qualifications Authority (NZQA) ensures that New Zealand qualifications are accepted as credible and robust, both nationally and internationally: “Qualify for the Future World: Kia Noho Takatū Ki Tō Āmua Ao.”

A Crown Agent, NZQA is one of several government education agencies, each with a specific focus. We seek to be known for the quality of our services, which span the secondary and tertiary education sectors. We administer the National Certificates of Educational Achievement (NCEA) and New Zealand Scholarship for secondary school students, are responsible for the quality assurance of non-university tertiary education organisations, and promote the understanding, comparability and recognition of New Zealand qualifications internationally.

We develop, register and support the New Zealand Qualifications Framework (NZQF), a database of all New Zealand quality assured qualifications. We maintain a database of Assessment Standards – national standards used in qualifications.

NZQA has a Future State programme of work which responds to the needs of learners, education providers, and employers in a global, digital and connected world.

NZQA has a team of approximately 430 (full-time equivalent) staff. Most of our employees are located in our Wellington office, though we have a small number of staff throughout the country.

NZQA has an annual budget of approximately \$80m, plus some time-limited funding. This is split between Crown revenue and third party revenue.

NZQA is governed by an independent board of eight to ten members appointed by the Minister of Education. These members bring extensive governance, industry, community and education expertise to NZQA. The Board is responsible for setting the strategic direction of NZQA, in consultation with appropriate Ministers. The Board ensures that NZQA carries out its legislative functions, monitors the organisation’s performance and appoints the Chief Executive.
