New Zealand Diploma in Business

The New Zealand Diploma in Business (NZDipBus) is a nationally recognised qualification that allows students to gain a broad range of general business skills and knowledge, followed by an opportunity to focus on career related options such as accountancy, banking, management, marketing and tourism.

In January 2015, this qualification was replaced by the [new Business qualifications](#) arising from the nationwide mandatory review of the Business qualifications. The last date of assessment for NZDipBus version 3 is December 2020. New students must not be enrolled in this qualification after 31 December 2017.
