

## Outcome 7: Student support, advice and services

---

This outcome covers how your organisation supports international students.

### The intent

---

The intent of this outcome is to ensure that students are fully informed and supported to be successful while living and studying in New Zealand.

### Resources and examples

---

*Any and all material supplied in this toolbox is or will be supplied as appropriate for a signatory's particular circumstances.*

*All documents used should be approved by a signatory's governing body. Further advice also be sought.*

## Useful sources of information for international students

What to expect in New Zealand
