Diary Entry 1

Supporting and encouraging others

I was supportive and encouraging to all my team members and this made the team work together better. We are cohesive because we are all supporting each other. I made sure I was always positive and said things like “good work JJ”, “nice set KK”, “good try GT, we’ll get it next time”.

Diary Entry 2

Supporting an encouraging others

I supportive and encouraging all our team again. This has become a natural thing to do and I think that everyone in the class has realised how this is such an important part of team play. I supported when things went well like good spikes or awesome commitment on the digs and also encouraged if someone made a mistake like missing a shot. This impacts as everyone feels part of the team and valued by others even if they make a mistake.
