DRAWING CONVENTIONS

TECHNIQUES

INSTALLATION CONVENTIONS

MATERIALS & TECHNIQUES
- Cardboard
- Foam blocks
- Wire
- Paint
- Glue
- Solder
- Decals
- LED lights
- Copper wire
- String
- Wood
- Assorted materials
- 3D printers
- CNC machines

IDEAS & CONCEPTS
- Miniature
- Model in the making, a snapshot of the final product
- Conceptual

Sculptural Conventions
- Stacking
- Reciprocation
- Repetition: creating a repetitive shape, repeat without changing

Fabrication
- Cut
- Weld

Stacking recycled materials, like crates and boxes, and make a light on an area which is usually ignored.
Installation One photographic documentation

Installation Two photographic documentation

Aim: To block a view so that people
are forced to go passed it/look at it.

Build a box sculpture that fill in all the empty space.

Now to block it a pathway so that people are forced to find a way around it.
