INSTRUCTIONS

The materials in the resource booklet will enable you to become familiar with the theme and contexts of this examination: **Fresh water in a geographic context.**

Your answers to ALL three questions must incorporate a wide range of case studies from around the world, as well as information and ideas BOTH from the materials provided in the resource booklet and from your studies in geography.

Information to answer any question can be taken from any resource. Key ideas should not be repeated in your answers to different questions.

Space for planning has been provided to help you prepare your responses. The questions on page 3 are repeated on their respective planning pages.

QUESTION ONE

Critically evaluate the importance of different geographic processes that have led to issues related to quality of freshwater supplies.

Your answer must include:

- specific information from the resource booklet
- knowledge and insight you have gained from your studies in Geography
- convincing communication
- relevant original and/or effective visuals, such as maps, graphs, and diagrams.

Use page 4 to plan your ideas, and begin your answer on page 5.

QUESTION TWO

Perspectives are bodies of thought, theories, or world views that shape people's values.

Apply a range of perspectives to critically analyse the impacts of freshwater issues on people.

Your answer must include:

- specific information from the resource booklet
- knowledge and insight you have gained from your studies in Geography
- convincing communication
- relevant original and/or effective visuals, such as maps, graphs, and diagrams.
