3 Assessment information

This unit standard must be assessed in a retail meat organisation or in a simulated environment that demands performance equal to that required in a retail meat organisation.

4 Calculators may be used to assist in making calculations.

Outcomes and evidence requirements**Outcome 1**

Convert units of measure for retail meat operations.

Evidence requirements

1.1 Imperial and metric units of weight and volume are converted to meet job requirements in accordance with workplace procedures.

Range Imperial to metric, metric to imperial.

1.2 Units of temperature are converted to meet job requirements in accordance with workplace procedures.

Range Fahrenheit to Celsius, Celsius to Fahrenheit.

Outcome 2

Calculate and measure ingredient weights and volumes for meat products.

Evidence requirements

2.1 Meat and ingredient weights are established from recipes and/or product specifications.

2.2 Adjustments to quantities are calculated to produce the required quantity of product.

2.3 Measuring equipment is selected in accordance with workplace procedures.

Range weight measures, volumetric measures.

2.4 Ingredients are measured in accordance with recipe and workplace procedures.

Outcome 3

Weigh meat products for sale.

Evidence requirements

3.1 Scales are selected and calibration is checked in accordance with workplace procedures.

3.2 Scales are tared in accordance with workplace procedures.

3.3 Meat products are weighed for sale in accordance with workplace procedures.

Outcome 4

Make calculations for retailing of meat.

Evidence requirements

4.1 Selling price for specified meat products are calculated from price per Kilogram and weight being sold.

Range three calculations.

4.2 GST inclusive and GST exclusive calculations are made to meet workplace requirements.

Range three inclusive and three exclusive calculations.

4.3 Rounding, percentages, and mark downs are calculated in accordance with workplace requirements.

Range three calculations of each.

Planned review date	31 December 2021

Consent and Moderation Requirements (CMR) reference	0013
--	------

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
