

Title	Realise the lighting design for a given work in an entertainment and event context		
Level	3	Credits	4

Purpose	People credited with this unit standard are able to realise the lighting design for a given work in an entertainment and event context.
----------------	---

Classification	Performing Arts General > Entertainment and Event Technology and Operations
-----------------------	---

Available grade	Achieved, Merit, and Excellence
------------------------	---------------------------------

Criteria for Merit	In realising the lighting design for a given work, the candidate must demonstrate skilful technique during live production.
---------------------------	---

Criteria for Excellence	In realising the lighting design for a given work, the candidate must demonstrate command of technique during live production.
--------------------------------	--

Guidance Information

- 1 This unit standard can be awarded with an *Achieved*, *Merit* or *Excellence*. For the *Achieved* grade to be awarded, the outcome must be achieved as specified in the outcome statement. For *Merit* or *Excellence* grades to be awarded, the candidate must meet the *Merit* or *Excellence* criteria specified above.
- 2 All learning and assessment leading to this unit standard must be carried out in accordance with:
 - legislation including Health and Safety at Work Act 2015, Copyright Act 1994, and subsequent amendments;
 - safe working practices. These may include but are not limited to safe working practices in situations involving – working at heights, working with electricity, lifting, securing equipment safely, replacing and storing equipment, use of tools, use of supplied safety equipment. Evidence of this may be provided by a teacher/tutor attestation or candidate’s reflective statement. A useful reference for safe working practice is the Entertainment Technology New Zealand publication *A Guide for Safe Working Practices in the New Zealand Theatre and Entertainment Industry*, version 14 or subsequent amendments, which can be accessed at <http://www.etnz.org>.
- 3 Definitions
Command of technique refers to applying a detailed understanding of the

performance or event requirements and lighting design by using creative lighting position, sustained control of colour, lighting intensity, equipment, and timing for a performance or event.

Entertainment and event context refers to a performance or event such as dance, kapa haka, scripted drama, music performance (live or recorded in-studio), moving image production, physical theatre, devised work, performance art, and cultural event, circus that can take place in a range of venues, for example, stadia, theatres, event and convention centres, studios, parks and sports grounds, outdoor spaces, museums and galleries, places of worship, cultural places (e.g. marae), specialist classrooms.

Given work refers to a whole or substantial piece of a text, choreography, event, or production for an entertainment and event context.

Luminaires refer to a complete lighting unit including its casing, lens or aperture, reflector and lamp.

Qualities of light refer to the factors associated with lighting intensity, colour, direction and focus.

Skilful technique refers to applying an in-depth understanding of the performance or event requirements and lighting design by using lighting position, control of colour, lighting intensity, equipment, and timing for a performance or event.

- 4 Candidates must be given access to lighting equipment that has been certified as safe in order to complete assessment against this unit standard. The teacher/tutor must ensure that the power supply used in practical activities has sufficient capacity and circuit protection for the connected equipment. Equipment must be checked and verified by the assessor as being connected correctly prior to power up.
- 5 **Range**
The lighting design for a given work must be agreed or specified by the teacher/tutor. It may be a design researched and developed by the candidate.
- 6 Recommended for entry: Unit 26686, *Demonstrate and apply knowledge of lighting for an entertainment and event context*; and Unit 27700, *Demonstrate and apply knowledge of lighting design for an entertainment and event context*.

Outcomes and performance criteria

Outcome 1

Realise the lighting design for a given work in an entertainment and event context.

Performance criteria

- 1.1 Set up the lighting design for the given work according to the documented design and safe working practices.

Range	may include but is not limited to – selection, testing, rigging, labelling and patching of equipment.
-------	---

1.2 Evaluate the lighting design during pre-production and adjust, as required, to meet the requirements of the given work.

Range may include but is not limited to – timing, cues, choice of luminaires, positioning of luminaires, qualities of light; includes – collaboration with the lighting designer.

1.3 Operate lighting live for the given work according to the performance or event requirements, safe working practice and documented design for the work.

Range includes but is not limited to – operating to cues and/or calls; communicating with other people; dynamic problem solving.

Replacement information	This unit standard and unit standard 32368 replaced unit standard 28003.
