Guidelines for applying the Assessment Schedule

- The answer space provided in the exam paper is NOT an indication of the word-count required. The candidate’s response may exceed the space provided, or a concise response may use less than the given space. For Merit or Excellence, however, the candidate needs to analyse, usually beyond a brief statement.
- The evidence in this Assessment Schedule offers one example of the skill required to achieve at each level. Each response must be marked for the skills displayed, and not for accuracy of content knowledge or agreement with expert interpretations of the texts.
