

Title	Demonstrate knowledge of pork production unit effluent management and describe environmental implications		
Level	3	Credits	3

Purpose	People credited with this unit standard are able to: demonstrate knowledge of pork production unit effluent management; and describe environmental implications of regulations and the Pork Industry Farm Environment Plan producers for pork producers and for the pork industry.
----------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Classification	Pork Production > Pork Production Unit Management
-----------------------	---------------------------------------------------

Available grade	Achieved
------------------------	----------

Guidance Information

- 1 All evidence presented in this unit standard must be in accordance with:
 - Manufacturer's instructions
 - Workplace procedures
 - Biosecurity Act 1993
 - Health and Safety at Work Act 2015; and any subsequent amendments.
- 2 The Pork Industry Farm Environment Plan is available from NZ Pork.
www.NZPork.co.nz.

Outcomes and performance criteria

Outcome 1

Demonstrate knowledge of pork production unit effluent management.

Performance criteria

- 1.1 Determine volume and composition of pig effluent for a specified situation.
- 1.2 Describe the economic value of effluent for a specified situation.
- 1.3 Describe treatment and utilisation options in terms of their operational requirements, processes, capacity, and environmental impact.

Range irrigation, tanker spreading, lagoon treatment, methane digestion, composting.

- 1.4 Compare treatment and utilisation options based on their merits and suitability for specified situations.

Range irrigation, tanker spreading, lagoon treatment, methane digestion, composting.

Outcome 2

Describe environmental implications of regulations and the Pork Industry Farm Environment Plan producers for pork producers and for the pork industry.

Performance criteria

- 2.1 Describe the application of Regional and District Council regulations to pig farms.

Range evidence of three applications is required.

- 2.2 Describe an application of the Pork Industry Farm Environment plan to pig farms.

- 2.3 Describe one result to a pig farm of non-compliance with Regional and District Council regulations.

Planned review date	31 December 2023
