-----------------------	---

Available grade	Achieved
------------------------	----------

Explanatory notes

- 1 Legislation and references relevant to this unit standard include – Health and Safety in Employment Act 1992; Resource Management Act 1991; Hazardous Substances and New Organisms Act 1996; available at <http://legislation.govt.nz>; AS/NZS 2311:2009 *Guide to the painting of buildings*, available at <http://www.standards.co.nz/>.
- 2 Definition
Worksite requirements refer to job instructions to candidate on agreed work to be carried out.
- 3 This unit standard must be assessed against in a realistic workplace environment. The candidate must be under realistic time pressures, and use relevant commercial equipment and approved industry techniques.

Outcomes and evidence requirements

Outcome 1

Identify types of plans and drawings and their functions in the painting and decorating sector.

Evidence requirements

1.1 Main types of plans and drawings used in the painting and decorating sector are identified.

Range evidence of three different types of plans and drawings is required.

1.2 Key features and functions of each type of drawing are identified.

Range evidence of three key features and functions for each type of plan identified in evidence requirement 1.1 is required.

1.3 Quality requirements that relate to plans and drawings are identified in accordance with worksite requirements.

Range quality requirements relate to the candidate's workplace.

Outcome 2

Verify amendments to plans and drawings in the painting and decorating sector.

Evidence requirements

2.1 Title panel of painting and decorating project documentation is checked to verify any amendments to plans and drawings in accordance with worksite requirements.

2.2 Amendments to specifications are verified to ensure currency of information and conveyed to other team members, where required, in accordance with worksite requirements.

2.3 Symbols and abbreviations relating to painting and decorating projects are identified on plans and drawings in accordance with worksite requirements.

Outcome 3

Locate and identify key features, site services, contours and datum on a site plan in the painting and decorating sector.

Evidence requirements

3.1 The plan is oriented with the site in accordance with worksite requirements.

3.2 Site services, key features, contours and datum are identified and located on the site plan in accordance with worksite requirements.

Outcome 4

Identify project requirements in the painting and decorating sector.

Evidence requirements

- 4.1 Dimensions for the painting and decorating project are identified in accordance with worksite requirements.
- 4.2 Any environmental controls are identified in accordance with worksite requirements.
- 4.3 Location, dimensions and requirements for any ancillary works are identified in accordance with worksite requirements.

Outcome 5

Read and interpret job specifications in the painting and decorating sector.

Evidence requirements

- 5.1 Job specifications are interpreted from drawings, notes and descriptions in accordance with worksite requirements.
- 5.2 Standards of work and finishes are interpreted from the project specifications in accordance with worksite requirements.
- 5.3 Material attributes are interpreted from specifications in accordance with worksite requirements.

Replacement information	This unit standard replaced standard 26478.

Consent and Moderation Requirements (CMR) reference	0048
--	------

This CMR can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

Please note

Providers must be granted consent to assess against standards (accredited) by NZQA, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Requirements for consent to assess and an outline of the moderation system that applies to this standard are outlined in the Consent and Moderation Requirements (CMR). The CMR also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.
