Achievement Criteria

Achievement	Achievement with Merit	Achievement with Excellence
<ul style="list-style-type: none"> Evaluate health promoting strategies designed to address a nutritional need. 	<ul style="list-style-type: none"> Evaluate, in depth, health promoting strategies designed to address a nutritional need. 	<ul style="list-style-type: none"> Critically evaluate health promoting strategies designed to address a nutritional need.

Explanatory Notes

- 1 This achievement standard is derived from the Health and Physical Education learning area in *The New Zealand Curriculum*, Learning Media, Ministry of Education, 2007; Level 7 Achievement Objectives (relevant to the context used), and is related to the material in the *Teaching and Learning Guide for Health and Physical Education*, Ministry of Education, 2011 at <http://seniorsecondary.tki.org.nz>.

Assessment will be consistent with and reflect the underlying concepts (Hauora, socio-ecological perspective, health promotion, attitudes and values) of the Health and Physical Education learning area in *The New Zealand Curriculum*, page 22.

This standard is also derived from Te Marautanga o Aotearoa. For details of Te Marautanga o Aotearoa achievement objectives to which this standard relates, see the [Papa Whakaako](#) for the relevant learning area.

- 2 *Evaluate health promoting strategies* involves examining in detail the strategy designed to address the nutritional need and making a judgement based on its effectiveness.

Evaluate, in depth, health promoting strategies involves explaining the effectiveness of the health promoting strategies in relation to social, economic and environmental factors.

Critically evaluate health promoting strategies involves challenging the effectiveness of the health promoting strategies and drawing justified conclusions.

- 3 *Health promoting strategies* can be defined as focussed actions that are likely to improve wellbeing. Strategies may include leaflets, posters, cooking demonstrations, Web based material, phone support, online support, community-based action.
- 4 *Social, economic and environmental factors* are those described in the Determinants of Health found in: *Making Meaning: Making a Difference*, Learning Media, Ministry of Education, 2004 pages 125-127 or in the Health and PE Learning Area of TKI (http://www.tki.org.nz/r/health/cia/make_meaning/index_e.php).
- 5 Assessment specifications for this achievement standard can be accessed through the Home Economics Resources page found at <http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/subjects/>.
