Explanatory Notes

This standard is also derived from Te Marautanga o Aotearoa. For details of Te Marautanga o Aotearoa achievement objectives to which this standard relates, see the Papa Whakaako for the relevant learning area.

2 Demonstrate understanding involves explaining how and/or why an aspect of New Zealand culture or society is represented.
Demonstrate in-depth understanding involves analysing the impact of the media representation in shaping and/or reflecting an aspect of New Zealand culture or society. An impact may be social, cultural, political, historical, economic, technological, or ideological.

Demonstrate perceptive understanding involves evaluating the impact of the media representation of an aspect of New Zealand culture or society.

3 Media representations refers to the way a group, issue, idea, event, or place is represented in the media. A representation communicates messages and values that have social significance. These reflect world views, ideologies, societal assumptions, cultural assumptions, and biases. Media representations of an aspect of New Zealand culture or society may be either broad eg New Zealand as a clean, green society, New Zealand’s drinking culture; or the representation of a group or place eg tangata pasifika, Auckland(ers), rural New Zealand(ers); or more specific eg a teenage subculture; or a specific cultural or social issue eg racial hate crimes.
