### Explanatory Notes

1 This achievement standard is aligned with *The New Zealand Curriculum*, Learning Media, Ministry of Education, 2007, and based on the outcomes in the *Teaching and Learning Guide for Agricultural and Horticultural Science*, Ministry of Education, at <http://seniorsecondary.tki.org.nz/>.

2 *Demonstrate knowledge* involves describing the impact on the environment of primary production management practices.

*Demonstrate detailed knowledge* involves explaining the positive and/or negative impact on the environment of primary production management practices.

*Demonstrate comprehensive knowledge* involves applying knowledge of the positive and/or negative impact on the environment of primary production management practices. This may involve comparing and contrasting the impact on the environment of these practices.

- 3 *Primary production management practices* must be selected from those that have positive and/or negative impacts on the environment. This means that the practices selected will include those that benefit the environment as well as those that harm the environment.
  - 4 Conditions of Assessment related to this achievement standard can be found at <http://ncea.tki.org.nz/Resources-for-Internally-Assessed-Achievement-Standards>.
