## **Achievement Standard**

Subject Reference Health 3.5

**Title** Evaluate models for health promotion

**Level** 3 **Credits** 5 **Assessment** External

**Subfield** Health and Physical Education

**Domain** Health Education

Status Approved Status date September 2024

Planned review date December 2028 Date version published December 2024

This achievement standard involves evaluating models for health promotion.

### **Achievement Criteria**

Achievement	Achievement with Merit	Achievement with Excellence
Evaluate models for health promotion.	Evaluate, in depth, models for health promotion.	Evaluate, perceptively, models for health promotion.

## **Explanatory Notes**

This achievement standard is derived from Level 8 of the Health and Physical Education learning area in *The New Zealand Curriculum*, Learning Media, Ministry of Education, 2007.

Assessment is consistent with and reflects the underlying concepts (hauora, socioecological perspective, health promotion, attitudes and values) of the Health and Physical Education learning area in *The New Zealand Curriculum*, page 22.

This standard is also derived from *Te Marautanga o Aotearoa*. For details of *Te Marautanga o Aotearoa* achievement objectives to which this standard relates, see the <a href="Papa Whakaako">Papa Whakaako</a> for the relevant learning area.

- 2 *Evaluate* involves considering the implications for people's well-being of models of health promotion by:
  - comparing and contrasting models for health promotion
  - explaining advantages and disadvantages of models for health promotion
  - drawing conclusions about the effectiveness of the models.

#### Evaluate, in depth, involves:

- exploring links between models for health promotion and their use for improving people's well-being in given situation(s)
- drawing reasoned conclusions about the effectiveness of the models.

Number AS91465 Version 3 Page 2 of 2

Evaluate, perceptively, involves:

- showing insight about how the models for health promotion relate to the underlying health concepts (hauora, socio-ecological perspective, health promotion, and attitudes and values)
- drawing conclusions informed by the relationship of the models to these concepts.
- 3 *Models for health promotion* that use Health Education concepts and terms may include behavioural change, self-empowerment and collective action models, supported by documents such as the Ottawa Charter, the Bangkok Charter and Te Tiriti o Waitangi.
- 4 Assessment Specifications for this achievement standard can be accessed through the Health Resources page found at <a href="http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/subjects/">http://www.nzqa.govt.nz/qualifications-standards/qualifications/ncea/subjects/</a>.

# **Replacement Information**

This achievement standard replaced AS90712.

### **Quality Assurance**

- Schools and institutions must have been granted consent to assess by NZQA before they can register credits from assessment against achievement standards.
- 2 Schools and institutions with consent to assess must engage with the moderation system that applies to those achievement standards.

Consent and Moderation Requirements (CMR) reference 0233
