Achievement	Achievement with Merit	Achievement with Excellence
Describe aspects of sustainability in relation to a sustainable future.	Explain aspects of sustainability in relation to a sustainable future.	Discuss aspects of sustainability in relation to a sustainable future.

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

You should attempt both parts of the question in this booklet.

Pull out Resource Booklet 90814R from the centre of this booklet.

If you need more room for any answer, use the extra space provided at the back of this booklet.

Check that this booklet has pages 2–12 in the correct order and that none of these pages is blank.

YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.

ASSESSOR'S USE ONLY

**This page has been deliberately left blank.
The examination starts on the following page.**

You are advised to spend one hour answering the question in this booklet.

INSTRUCTIONS

- Answer BOTH parts of the question in this booklet: (a) on page 5 & (b) on page 8.
- Read through the question and ALL of the background information and contexts in Resource Booklet 90814R BEFORE you plan and start your answer.
- You must choose TWO contexts to discuss.
- It is HIGHLY RECOMMENDED that you use the planning page on page 4 to help structure your answer.
- Begin your answer on page 5.

PLANNING PAGE

Use this page to plan and sort your ideas, or to note points about the aspects of sustainability you will discuss in relation to a sustainable future for TWO different contexts.

Note: the four aspects of sustainability are given in the Resource Booklet background information.

Context (1): _____	Context (2): _____
Key aspects of sustainability relevant to each context: (You may use the same and/or different aspects for each of your chosen contexts).	
Possible links between your chosen aspects:	
Supporting examples or case studies to use in the discussion:	
How your chosen aspects relate to the development of a sustainable future:	
Relevant concepts that will be used in the discussion of a sustainable future (Note: a list of concepts relevant to sustainability is given in the Resource Booklet background information).	

(b) Context (2)

Discuss **aspects of sustainability** in relation to a sustainable future.

In your answer:

- make clear links between your chosen aspects
- refer to relevant examples or case studies you have studied to support your discussion
- discuss how your chosen aspects relate to the development of a sustainable future, applying concepts where relevant.
