## Level 2 Home Economics, 2016

### 91300 Analyse the relationship between well-being, food choices and determinants of health

2.00 p.m. Monday 21 November 2016  
Credits: Four

| Achievement   | Achievement with Merit   | Achievement with Excellence   |
|---|--|---|
| Analyse the relationship between well-being, food choices and the determinants of health. | Analyse, in depth, the relationship between well-being, food choices and the determinants of health. | Comprehensively analyse the relationship between well-being, food choices and the determinants of health. |

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

**You should attempt ALL parts of the question in this booklet.**

Pull out Resource Booklet 91300R from the centre of this booklet.

If you need more room for any answer, use the extra space provided at the back of this booklet.

Check that this booklet has pages 2–8 in the correct order and that none of these pages is blank.

**YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.**

ASSESSOR'S USE ONLY

**INSTRUCTIONS**

Read **Resource Booklet 91300R** and refer to it, as well as your own knowledge, when answering the question in this booklet.

Use page 3 to plan, then begin your written response on page 4.

**QUESTION**

**Interconnections** between three determinants of health (prenatal and early childhood factors, social support, and cultural) will impact on the James family's food choices and well-being, as well as on the society in which they live.

Explain how the **interconnections** between the three stated determinants of health, food choices, and well-being will affect the James family, AND New Zealand society.

In your answer, include:

- at least TWO detailed examples of how each of the three determinants affects the family's food choices
- how each of the three determinants affects ALL the relevant dimensions of the family's well-being
- the interconnections of the three determinants and their effect on the James family
- how the family's situation and their well-being could affect society as a whole.

| <b>PLANNING</b>                      |                      |                     |
|--------------------------------------|----------------------|---------------------|
| <b>Determinants</b>                  | <b>→ Food Choice</b> | <b>→ Well-being</b> |
| Prenatal and early childhood factors |                      |                     |
| Social support                       |                      |                     |
| Cultural                             |                      |                     |
