INSTRUCTIONS

Read **Resource Booklet 91300R** and refer to it, as well as your own knowledge, when answering the question in this booklet.

Use page 5 to plan, then begin your written response on page 7.

QUESTION

Interconnections between three determinants of health (prenatal and early childhood factors, social support, and cultural) will impact on the James family's food choices and well-being, as well as on the society in which they live.

Explain how the **interconnections** between the three stated determinants of health, food choices, and well-being will affect the James family, AND New Zealand society.

In your answer, include:

- at least TWO detailed examples of how each of the three determinants affects the family's food choices
- how each of the three determinants affects ALL the relevant dimensions of the family's well-being
- the interconnections of the three determinants and their effect on the James family
- how the family's situation and their well-being could affect society as a whole.
