Read **Resource Booklet 91304R**, and choose TWO of the three **health-promoting strategies** to compare their effectiveness, when answering the question in this booklet.

Write your two chosen strategies here:

Strategy 1: _____

Strategy 2: _____

QUESTION

- (a) **Explain how effective** each of your two chosen strategies are likely to be in reducing the consumption of sugary drinks in the wider community. In your answer, you shall:
- consider the effectiveness of each strategy, in relation to **social, economic and environmental** (physical access) factors
 - consider **benefits** and **limitations** for each strategy
 - give examples from the resource booklet.
- (b) **Justify** which of your chosen strategies would be **more effective** in reducing the consumption of sugary drinks in the wider community.
- Refer to the **models of health promotion** relevant to both strategies when including examples that support your justification
 - Consider the **attitudes** and **values** of the people involved in both strategies.

Use page 5 to plan, and then begin your written response on page 7.
