Demonstrate understanding of how interacting natural processes shape a New Zealand geographic environment.	Demonstrate in-depth understanding of how interacting natural processes shape a New Zealand geographic environment.	Demonstrate comprehensive understanding of how interacting natural processes shape a New Zealand geographic environment.

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

Check that this booklet has pages 2–8 in the correct order and that none of these pages is blank.

Do not write in any cross-hatched area () . This area may be cut off when the booklet is marked.

YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.

INSTRUCTIONS

Identify a **New Zealand geographic environment** and the **interacting natural processes** that shape it, in the space below.

Begin your answer on page 3.

New Zealand geographic environment: _____

Interacting natural processes that shape this environment: _____

You may use the space below to plan your response.

PLANNING

QUESTION

Analyse how one natural process interacts with at least one other natural process to shape one or more features of your chosen New Zealand geographic environment.

Use the space below to construct a map or diagram to support your written response.

Integrate comprehensive supporting case study evidence. You may integrate other diagrams and maps to support your written answer.
