QUESTION

Analyse how the operation of your cultural process creates either spatial OR temporal variations.

Your analysis should include:

- what the spatial or temporal variations are in your geographic environment
- how the operation of the process has created variations in the environment
- links between the elements of the process to draw conclusions
- integrated comprehensive supporting case study evidence.

Use the space below to construct a map or diagram to support your written response. You may also include additional diagrams and maps in your response.
