## Level 3 Health 2022

### 91462 Analyse an international health issue

Credits: Five

Achievement	Achievement with Merit	Achievement with Excellence
Analyse an international health issue.	Analyse, in depth, an international health issue.	Analyse, perceptively, an international health issue.

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

**You should attempt ALL parts of the question in this booklet.**

Pull out Resource Booklet 91462R from the centre of this booklet.

If you need more room for any answer, use the extra space provided at the back of this booklet.

Check that this booklet has pages 2–12 in the correct order and that none of these pages is blank.

Do not write in any cross-hatched area (XXXX). This area may be cut off when the booklet is marked.

**YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.**

## INSTRUCTIONS

**Malnutrition in Timor-Leste (East Timor)** affects the well-being of a significant number of people. This health issue is of global concern.

Read **Resource Booklet 91462R** before answering the question.

Before you begin, read ALL parts of the question.

Support each answer with **specific and relevant evidence** from **Resource Booklet 91462R**, and your own knowledge about poverty. Evidence can include examples, quotations, and/or data from credible and current sources.

Space for planning is provided below. Note that planning is not assessed.

Begin your answers on page 3.

## PLANNING

Consider:

- significant and relevant determinants of health
- how each determinant contributes to implications for well-being
- strategies for more equitable outcomes
- connections to the underlying concepts of health.

**QUESTION**

- (a) Explain why malnutrition in Timor-Leste (East Timor) is an international health issue. Support your answer with detailed evidence.
