Level 3 Health 2025

91462 Analyse an international health issue

Credits: Five

| Achievement | Achievement with Merit | Achievement with Excellence |
|--|---|---|
| Analyse an international health issue. | Analyse, in depth, an international health issue. | Analyse, perceptively, an international health issue. |

Check that the National Student Number (NSN) on your admission slip is the same as the number at the top of this page.

You should attempt ALL parts of the question in this booklet.

Pull out Resource Booklet 91462R from the centre of this booklet.

If you need more room for any answer, use the extra space provided at the back of this booklet.

Check that this booklet has pages 2–12 in the correct order and that none of these pages is blank.

Do not write in the margins (/////////). This area will be cut off when the booklet is marked.

YOU MUST HAND THIS BOOKLET TO THE SUPERVISOR AT THE END OF THE EXAMINATION.

INSTRUCTIONS

The lack of access to quality sexual health services in some developing countries affects the well-being of a significant number of people. This health issue is of global concern.

Read **Resource Booklet 91462R** before answering the question.

Before you begin, read ALL parts of the question.

Support each answer with **specific and relevant evidence** from **Resource Booklet 91462R** and your own knowledge. Evidence can include examples, quotations, and/or data from credible and current sources.

Space for planning is provided on page 3. Note that planning is not assessed.

Begin your answers on page 4.

PLANNING

Consider:

- significant and relevant determinants of health
- how each determinant contributes to implications for well-being
- strategies for more equitable outcomes
- connections to the underlying concepts of health.

QUESTION

- (a) Explain why the lack of access to quality sexual health services in some developing countries is an international health issue.

- Major determinant of health 1: _____

Answer space continues
on next page ➤

- (c) Explain how the lack of access to quality sexual health services in some developing countries can have implications for the well-being of people and society.

- (d) (i) Recommend one **national** strategy that would help to address the determinants of health and the implications for well-being discussed in previous parts.

Explain how this strategy would bring about more equitable outcomes for those directly and indirectly affected by the lack of access to quality sexual health services in some developing countries.

National strategy: _____

- (ii) Recommend one **international** strategy that would help to address the determinants of health and the implications for well-being discussed in previous parts.

Explain how this strategy would bring about more equitable outcomes for those directly and indirectly affected by the lack of access to quality sexual health services in some developing countries.

International strategy: _____

**Extra space if required.
