**FIRST TEXT: 旅游行程 / Travel itineraries**

Read the text on page 2 of the resource booklet. Use it to answer Question One. Answer the question in your choice of English, te reo Māori, and/or Chinese.

**QUESTION ONE**

If you were An An, which of the three itineraries would you recommend to Hemi? Explain why, using evidence from the entire text to support your answer.

如果你是安安，你会推荐这三个旅游行程中的哪一个给Hemi？请从文章里找出证据支持你的答案。

If I was An An, I would recommend itinerary 2 to Hemi. According to Hemi's email I know that Hemi wants to be back in New Zealand before New Year ~~because~~ because her family is going to UK. So ~~itinerary~~ itinerary 3 is not suitable because it will ~~finish~~ finish on second of January which is later than New Year. Then Hemi would like to spend more time in Shanghai than Beijing because she wants to do some shopping in Shanghai which is the biggest city in China. So itinerary 1 is not suitable because it spends ten days in Beijing which is longer than eight days in Shanghai. And Hemi doesn't like travelling on the plane so she asks for the least time of flying. Therefore ~~itinerary~~ itinerary 2 will be suitable for Hemi's requirement as it meets all the requirements of Hemi. ~~itinerary~~ Hemi will be back in New Zealand on 30<sup>th</sup> of December which is before New Year. She will spend more time in Shanghai because she will have twelve days in Shanghai and ten days in Beijing. The flight only takes 33 hours which is the least time of the three so Hemi will feel less uncomfortable and bored. Although the restaurant of itinerary 2 is 4 stars, Hemi says I don't need to bother with money as she has enough money. So I would recommend itinerary 2 to Hemi. //

## SECOND TEXT: 问老北京的问题/Questions for Beijing locals

Read the text on page 3 of the resource booklet. Use it to answer Question Two. Answer the question in your choice of English, te reo Māori, and/or Chinese.

### QUESTION TWO

Based on the advantages and disadvantages of living in Beijing and New Zealand that Sally blogged about, would you prefer to live in New Zealand or Beijing? Justify your answer with evidence from the text.

根据 Sally 所写的住在北京和新西兰的优势和劣势, 你认为你会比较喜欢住在新西兰还是北京? 用文中的证据来说明你的答案。

According to Sally's blog, I think I would prefer to live in New Zealand.

The environment in New Zealand is better than Beijing's environment.

Living in New Zealand means I can see the blue sky everyday and breathe the clear air. But in Beijing I won't be able to see the blue sky and everyday there are so much dust in the air. The sky looks dirty and gray.

It's unhealthy to breathe in too much dust.

Although there aren't as many cars in New Zealand as in Beijing, traffic will be much better than Beijing. I believe I will spend less time for the same distance in New Zealand than Beijing. So it is actually more convenient.

Another reason I would like to live in New Zealand is because I prefer eating at home. Although having meals in restaurants can have more choice of food, it is much healthier to eat at home. Additionally, I believe cooking is an important skill for us to be able to feed ourselves. Last but not least, I would love to spend time with family helping them cook dinner.

Therefore I prefer living in New Zealand.

**THIRD TEXT: 哪个国家比较有创意?/Which country is more creative?**

Read the text on page 4 of the resource booklet. Use it to answer Question Three. Answer the question in your choice of English, te reo Māori, and/or Chinese.

**QUESTION THREE**

Based on Xiaohong and Mark's discussion on WeChat, do you agree or disagree with Mark that both New Zealand and China are creative? Use evidence from the text to support your answer.

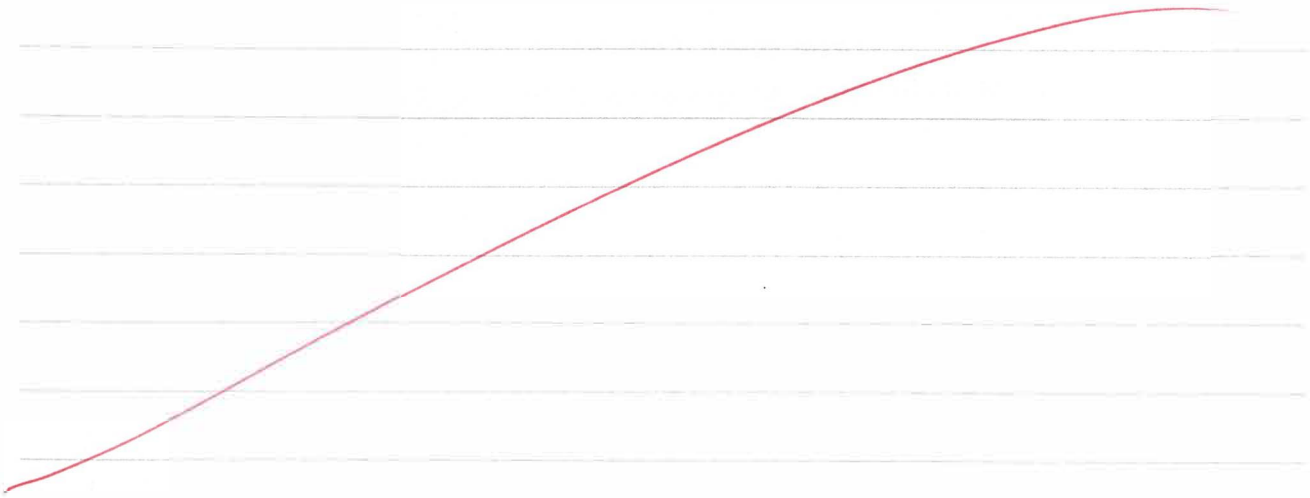

根据小红和马克在微信的讨论，你同意或不同意马克的看法：新西兰和中国都有创意？请从文章里找出证据支持你的答案。

I agree with Mark that both New Zealand and China are creative.

New Zealand is creative because now New Zealand is producing its own movie, music and art. And their movie is a big success that let foreigners see the beauty of New Zealand mountains and seas. After watching the movies, many people decide to travel in New Zealand or even live in New Zealand. So the creativity of New Zealand movies has improved New Zealand.

China is also creative because 4 thousands years ago, Chinese people have created the language of China and develop the Chinese music, art and clothes. So many foreigners would love to travel and study in China.

So I think both New Zealand and China are creative!!

<b>Q</b>	<b>Grade score</b>	<b>Annotation</b>			
1	M6	The candidate has selected relevant information to answer the question. They give the reason to return to New Zealand before the New Year, the duration of the stay in each city, the flight time, and make comparisons with other itineraries, showing clear understanding. However, there are some misunderstandings, such as the hotel, and they also lack detailed justification as to why money isn't a problem. These factors have hindered the candidate's ability to achieve E7.			
2	M6	The candidate identifies the main ideas of the passage and communicates some implied meanings, such as problems with environment and lifestyle would influence where they would want to live in. Supporting details need to be expanded on in order to obtain a higher grade.			
3	M5	The candidate identifies evidence of New Zealand and China's creativity, such as movies, music, and art for New Zealand, as well as character language, music, art, and clothes for China. They also mention that such creativity serves to attract foreigners to learn about the culture.
