

Assessment Report

Level 3 German 2017

Standards [91548](#) [91551](#)

Part A: Commentary

The language for the Level 3 examination was appropriately placed at Curriculum Levels 7 and 8 and provided candidates with many opportunities to show their comprehension of, and responses to, the texts. Some candidates, including native speakers, should focus on providing information relevant to the questions asked, as well as providing correct details in their answers.

The topics were relevant for candidates, however, for the Merit and Excellence grades, candidates were required to analyse and justify their answers while giving information from the text rather than simply lifting information without rephrasing or providing a context relevant to the questions.
