QUESTION ONE: 광고 (Advertisement)

Read Text A on page 2 of the resource booklet.

(a) Explain what the advertisement is promoting.

Option A: Option A is promoting as a dog cafe where you can have the activity of eating while also having furry friends to pet and cuddle! the shop is open from 10am - 8pm and the price for a student is \$10 and the price for an adult is 15 they say the dog cafe is a great restaurant for family and friends to enjoy together!

Option B: Option B is promoting an ice skating rink that is open from 10am till 10pm the cost for students is \$5 and the price for adults is \$8, It advertises itself as an amusement park ride which you can bring yourself your family or your boyfriend or girlfriend to!

- (b) What types of tourists would these different options attract? Use evidence from the text to support your answer.

~~The~~ the dog cafe would attract pet lovers and possibly families with children as it's a good way for young children to not get impatient while waiting for food. While the Ice skating rinks would probably attract couples as it's a cute way to be able to bond with your partner while holding their hand!

QUESTION TWO: 문자 대화 (Text conversation)

Read Text B on page 3 of the resource booklet.

- (a) According to Soomie and James, what are the advantages and disadvantages of school rules?

Soomie and James agree that some advantages of school rules are the uniform is safety. Soomie says "this helps teachers keep an eye on everyone during school activities". James says agrees with her statement about how safety is important however James argues that in New Zealand students have the responsibility to take care of themselves not just the teacher. Soomie agrees but says she likes the rules as it is a we as students can focus on studies and be safe.

and is much less strict than Korea

- (b) Based on their opinions, who do you agree with more? Justify your answer using evidence from the text.

I think I agree with Soomie as a uniform helps teachers to spot students in a crowd during school activities outside of school if they seem to be in danger.

however I think since James and Soomil come from different cultural backgrounds (James is from newzealand and Soomil is from korea) it makes sense for them to have different views and opinions

QUESTION THREE: 아르바이트 (Part-time job)

Read Text C on page 4 of the resource book.

(a) Describe the three jobs that are available to James.

Job 1: Job 1 is needed on Tuesday and another day of the week where you do activities together for a mother and father. The job is for people who like people. The job is from 10am - 5pm.

Job 2: Job 2 is to make food for people they need food to be made from 10am - 9pm. They eat rice and with the job you'll receive free rice as well.

Job 3: Job 3 is for someone wanting to learn Korean. They are 14 years old, and they will give you gifts for your hard work.

(b) Which job would be a good choice for James? Justify your answer using evidence from the text.

Job 3 might be best for James as he one of his specialties is speaking Korean. The boy he is tutoring is only 2 years younger than him (14) which might make learning less nerve racking for the student. Since James can work on Tuesday mornings he might be able to tutor the boy before he goes to school as well.
